

## Wireless Occupancy Sensors

Quick.

Easy.

Reliable.

### No wires, no worries!

Wireless lighting controls from Acuity Controls install quickly and unlock significant energy savings. Go wireless to reduce installation time and get off the job sooner. Easily installs to any mounting surface and pairs in three steps.

Sensor Switch Wireless Occupancy sensors are available with Microphonics dual technology so you don't have to compromise performance for convenient installation. Sensors are also available in small motion standard range and large motion extended range digital PIR motion detection.

Saving energy in accordance to energy codes has never been easier.

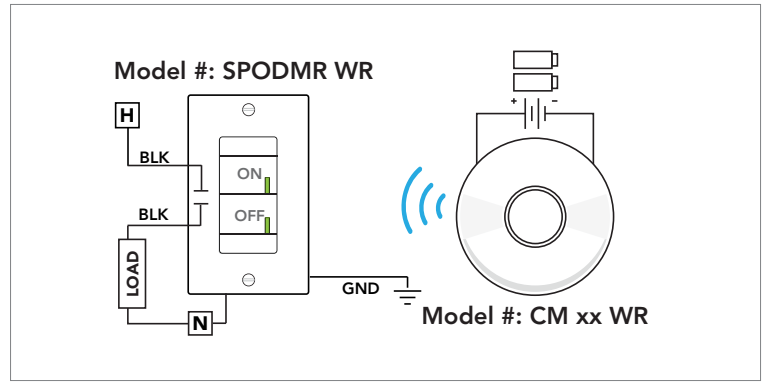

**Wireless Ceiling  
Mount Sensor**

## How does this work?

Wireless devices have made our lives convenient. This convenience is now incorporated into our Sensor Switch wireless ceiling mount sensor.

The sensor wirelessly communicates with the compatible switch eliminating the need for wires from the sensor to the switch. The wireless compatible switch, powered by line voltage, is capable of receiving wireless signals from the wireless ceiling mount sensor to control the connected load. Incorporating wireless technology into Sensor Switch sensor makes installation quick and easy while maintaining the Sensor Switch reliable level of performance.

### Wireless Installation Diagram

## Features

### Wall Switch

- Compatible with Wireless Sensors
- Designed to work with all Sensor Switch Wireless Occupancy Sensors
- Miswire protection- impossible to wire backwards
- Three-way and bi-level connections
- Adjustable time delays
- Auto-On and Manual-On operating modes
- Simple push button programming

### Wireless Ceiling Mount Sensor

- Industry First Dual Tech Wireless Sensor
- 100% Wireless Operation
- 10 year battery life
- 902 MHz - line of sight to switch not needed
- 100% Digital PIR detection
- Simple push button programming

### Key Model Numbers

CATEGORY	MODEL NUMBER	CI CODE
SENSORS	CM 9 WR	*224K9J
	CM PDT 9 WR	*223L69
	CM 10 WR	*224M9G
	CM PDT 10 WR	*227RYW
WALL SWITCHES	SPODMR WR WH	*223L6N
	SPODM WR SA WH	*228GMW
COMBO PACKS	SPODMR WR WH K1	*225L98
	SPODMR WR WH K2	*225L99
	SPODMR WR WH K3	*225L9A
	SPODMR WR WH K4	*229K61
