

We believe quality experiences begin with quality light because the right light doesn't just change what you see, it changes how you feel.

Gotham® and Buy America(n) Quick Reference Guide

At Acuity Brands®, we support the **Buy America(n) Act and Build America, Buy America Act**, as they serve to strengthen domestic manufacturing, and back this effort in many of our key products, producing and sourcing materials in the United States. This guide features the BAA and BABA certified products available from our Gotham® Lighting brand of Architectural Downlights, Cylinders & Multiples.

You will find a reference to the BAA and BABA Acts in our spec sheets for products that address requirements, or an option for adding "BAA" in the ordering information for select products. This reference guide lists all products from Gotham available for projects that address BAA and BABA requirements.

For more information on BAA and BABA and domestic preference requirements, visit:

www.acuitybrands.com/resources/trendingtopics/buy-american, including BAA/ BABA Guidance and Checklist.
