SCHOOL LIGHTING AND LIGHTING CONTROLS SOLUTIONS

TABLE OF CONTENTS

⟨A⟩AcuityBrands.

CLASSROOM

Providing superior school lighting and lighting control solutions to address code compliance, visual comfort and adaptable spaces in all K through 12 education facilities.

Need to grab and go? Look for the Contractor Select™ logo to find our most popular and readily available products stocked at your preferred authorized distributor or retailer.

Want to incorporate tunable white into your project? Look for the tunable white icon to find products with this feature.

TYPE	FIXTURE	PRODUCT	DESCRIPTION
Panel	CS	CPX	LED Flat Panel by Lithonia Lighting®
	CS	CPANL	LED Switchable Lumen Flat Panel by Lithonia Lighting
		EPANL	Fully-Luminous LED Flat Panel by Lithonia Lighting
Troffer	CS	GTL	General-Purpose Recessed LED Troffer by Lithonia Lighting
	CS	BLC	Center-Basket LED Troffer by Lithonia Lighting
		BLT	Low-Profile Recessed LED Troffer by Lithonia Lighting
		VTL	LED Volumetric Troffer by Lithonia Lighting
		ENVEX™	High-Performance Recessed Ambient Troffer by Lithonia Lighting

*Acuity*Brands.

TYPE	FIXTURE	PRODUCT	DESCRIPTION
Linear		Lithonia® Linear	8ft and 16ft Suspended Linear Fixture by Lithonia Lighting
		Grad	Suspended LED Luminaire by Lithonia Lighting
		Slot	Recessed or Suspended Linear Luminaire by Mark Architectural Lighting™
		Cerra	Suspended or surface mount linear LED luminaire by Peerless®
		Renna™	Rectilinear LED Suspended Luminaire by Peerless
Retrofit		LBK	LED Light Bar Kit by Lithonia Lighting
		BLTR	LED Relight Assembly Kit by Lithonia Lighting

TYPE	FIXTURE	PRODUCT	DESCRIPTION
Emergency		LHQM LED	Quantum® LED Exit-Unit Combo by Lithonia Lighting
		LQM	Quantum LED Exit Sign by Lithonia Lighting
		ELM2L	Quantum LED Adjustable Optics 220 Lumens Emergency Light by Lithonia Lighting
		ELMRE	Quantum LED Adjustable Emergency Remote Light Head by Lithonia Lighting
		IIS3P Three-Phase Central Inverters	4.8kVA to 50kVA Three Phase Inverter Systems by IOTA®
		IIS Single Phase Central Inverters	Single Phase Central Inverters with Standard or Fast Transfer Speed by IOTA
		ILB CP10 Emergency Driver	10 Watt Constant Power LED Emergency Driver by IOTA
		ETS DR Emergency Control Device	Emergency Control Device for 0-10V Dimming Applications by IOTA
		ETS20 DR Emergency Control	Emergency Control Device for Multi-Fixture Auxiliary Power Applications with 0-10V Dimming by IOTA
Skylights		SLFTL	LightFlex™ Tubular Tunable-White LED Suspended-Ceiling System by Sunoptics®

*Acuity*Brands.

GYM LIGHTING

Recommended solutions to address your gym lighting needs for athletic activities, school-wide meetings, performances and other events. Embedded or networked controls allow you to establish zones and easily set the scene for any function in your K through 12 gymnasium.

Need to grab and go? Look for the Contractor Select™ logo to find our most popular and readily available products stocked at your preferred authorized distributor or retailer.

Looking to incorporate tunable white into your project? Look for the tunable white icon to find products with this feature.

TYPE	FIXTURE	PRODUCT	DESCRIPTION
Highbay	CS	JEBL	LED High Bay by Lithonia Lighting
	CS	IBE	LED High Bay by Lithonia Lighting
	CS	JCBL	LED High Bay by Lithonia Lighting
		IBG	Configurable LED High Bay by Lithonia Lighting
		XIB	LED by Lithonia Lighting
Skylight		ESFP Guard	External Skylight Fall-Protection Guard by Sunoptics
		SIG	Signature™ Series Commercial Prismatic Dome Skylights by Sunoptics
		PY	Pyramid Lens Skylight by Sunoptics
		DHP	Double Hip Lens Skylight by Sunoptics
		GUARD	Skylight Internal Clip-On Safety Guards by Sunoptics

TYPE	FIXTURE	PRODUCT	DESCRIPTION
Emergency		WLTE	Wet Location Exit Sign by Lithonia Lighting
		WLTC Emergency Light Combo	Wet Location Emergency LED Exit Combination Light by Lithonia Lighting
		IIS3P Three-Phase Central Inverters	4.8kVA to 50kVA Three Phase Inverter Systems by IOTA
		IIS Single Phase Central Inverters	Single Phase Central Inverters with Standard or Fast Transfer Speed by IOTA
		INDL	Indura® Industrial LED Wet Location Emergency Light by Lithonia Lighting
		ILBHI	20 Watt Emergency LED Driver for 347-480 VAC Luminaires with 55-200 VDC Non-Class 2 LED Loads by IOTA
		ETS20 DR Emergency Control Device	Emergency Control Device for Multi-Fixture Auxiliary Power Applications with 0-10V Dimming by IOTA
		ETS DR Emergency Control Device	Emergency Control Device for 0-10V Dimming Applications by IOTA
Vandal Resistant		VPF12 Linear, Single Mount	12" Wide Vision Vandal Resistant LED Fixture. Available in three fixture lengths for Ceiling, Pendant or Wall Mount by Luminaire LED

AcuityBrands.

CAFETERIA & MULTI-PURPOSE SPACE

Recommended solutions to provide general ambient and flexible lighting for school cafeterias and multipurpose rooms. Embedded and networked controls address code requirements, including occupancy sensing or schedule-based control and manual override, and create zones for specific activity light settings. You can also integrate with audio/visual and theatrical controls.

Need to grab and go? Look for the Contractor Select™ logo to find our most popular and readily available products stocked at your preferred authorized distributor or retailer.

INNOVATIONS TAILORED TO YOUR SCHOOL

SCHOOL LIGHTING CONTROLS SOLUTIONS

Choose nLight® or SensorSwitch™ for your K through 12 school lighting control solutions. Scalable lighting controls ranging from standalone to embedded to networked allow you to meet your exact project needs and budget requirements. Wired and wireless options are easy to specify, install and use.

TUNABLE WHITE FOR CLASSROOMS

Unlock new possibilities of circadian lighting to bring your vision of the space to life and enhance the aesthetic design of your school with Tunable White. The Tunable White dynamic feature fosters a sense of passage of time, or circadian rhythm, and enables the creation of scenes and modes that can be aligned with key activities that require students and faculty to be more focused, relaxed or energetic.

VISUAL COMFORT

A well-designed visual environment can effectively foster a better learning experience. Glare can be a problem in the classroom and cause painful eyestrain, which contributes to headaches, decreased visual efficiency and increased frequency of errors. Combine indirect and direct lighting solutions, to create a soft and comfortable light that helps learning, while adding dimensions and highlighting people and objects in a classroom

FLEXIBLE AND ADAPTABLE SPACES

Spaces in your schools are constantly shifting and adapting to meet different needs, and your lighting solutions should be able as flexible. By creating different zones through lighting controls, you can help set the scene in any space, even if your cafeteria is doubling as a theater for the afternoon. Our lights can easily transform from a general ambient solution to presentation lighting, and more.
