# CAFETERIA & MULTI-PURPOSE SPACE

The cafeteria is not only a place for lunchtime. It can also serve as a gathering place, auditorium or even a testing room. With layers of light paired with lighting controls, you can program easy to use scenes so that your cafeteria is ready for whatever the day might bring.

Need to grab and go? Look for the Contractor Select™ badge to find our most popular and readily available products stocked at your preferred authorized distributor or retailer.

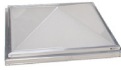

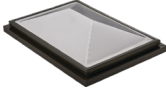

Want to incorporate tunable white into your project? Look for the tunable white icon to find products with this feature.
