

JOT

JUST ONE TOUCH

Wireless, App-Free Solution for
Single Room Lighting Control

Designed with contractors in mind, the Sensor Switch JOT enabled wireless solution offers a straightforward approach to installation and pairing of lighting fixtures and controls. We've partnered with Lithonia Lighting® to bring you a broad selection of products that offer the convenience of wireless dimming and wireless product pairing, all while aiding in simple code compliance and energy efficiency.

KEY HIGHLIGHTS:

- » Wireless dimming and switching without 0-10V control wires
- » Wireless product pairing without mobile apps and laptops
- » Wall switches function with or without a neutral connection
- » Occupancy and daylight sensing for code compliance
- » Ideal for both new construction and renovation of small commercial spaces

NO DIMMING WIRES, NO MOBILE APPS, NO PROBLEM!

Absolutely no 0-10V dimming wires and no mobile apps are needed with JOT enabled lighting fixtures and controls, allowing for lightning speed installation right out of the box.

Every product is integrated with a Bluetooth® radio to wirelessly control switching, dimming, daylight harvesting and occupancy detection. Because our wireless dimming technology eliminates the need for 0-10V wires, JOT enabled products are an ideal retrofit solution for small commercial indoor renovations such as private offices, conference rooms and classrooms.

WIRELESS PAIRING WITH JUST ONE TOUCH

The JOT enabled wireless solution shortens the installation and pairing process into three simple steps:

Power

Install JOT enabled fixtures and controls as instructed.
No 0-10V wires needed!

Pair

Insert the pairing tool into the pinhole. Then, press and hold any button for 6 seconds. Once paired, each fixture will individually dim to 10% brightness.

Play

Products will be fully functional once all fixtures return to 100% brightness.

TYPICAL SINGLE ROOM APPLICATION

Private Office
1x WSXA JOT
2x JOT Enabled Fixture

Conference Room
1x SPODMRA JOT
1x JOT Enabled Fixture with Photocell
and Occupancy
5x JOT Enabled Fixture with Occupancy Sensor

Classroom
2x SPODMRA JOT
3x JOT Enabled Fixture
2x JOT Enabled Fixture with Photocell and Occupancy
7x JOT Enabled Fixture with Occupancy Sensor
