

OVERVIEW

Easyl™ Studio is computer based show design software for Easyl Pro and Easyl DIN devices. Studio provides off line show design and synchronization and unlocks additional Easyl features not available directly from the Easyl Pro and DIN devices.

FEATURES

- Fast upload and download via Easyl Pro USB port
- Full show design; colors, timing, and end effects
- Multi-zone show design (maximum 5 zones)
- Built in theatrical “gel” libraries
- RDM device discovery assignment
- Fixture and device library patch function
- Timeclock programming with advanced exception schedule features
- Remote Button Station configuration
- Copy and paste shows, show segments and zone designs
- Apply “in motion” effects to shows
- Save custom Easyl configuration and show settings for quick download
- Upload a custom Easyl logo screen
