OLWX1 LED Highlights

- **The Right Price**
  Competitively priced for stocking at electrical distributors.

- **Versatile**
  The OLXW1 comes complete with a junction box for surface conduit mounting or can be flush mounted to a recessed junction box. Three optional mounting kits allow the product to be used as a flood light, using a yoke, knuckle or slip-fitter. The OLWX1 can even be inverted for up-lighting applications.

- **Compact but Powerful**
  A depth of less than 4” for ADA compliancy but still capable of replacing up to 250W MH with up to 87% energy savings. DesignLights Consortium® (DLC) qualified product.
OLWX1 LED

Features

- IP65 rated enclosure
- Junction box with ½” conduit entry hubs on all sides for surface conduit applications
- Easy to install with two set screws. No need to open the luminaire!
- Optional 120V photocell
- ADA compliant (<4” depth with recessed junction box)
- 4000K or 5000K CCT
- Saves up to 87% in energy and has lumen maintenance of L73/100,000 hours
OLWX1 LED
Versatile Mounting Options

Knuckle – OLWX1THK
Yoke – OLWX1YK
Slipfitter – OLWX1TS

Conduit Entry Box (Included)
Inverted (Standard)
OLWX1 LED Flood Light Accessories

- Slip-fitter, knuckle and yoke mounting accessories come installed to wiring box making it easy to convert any OLWX1 to a flood light.

- Each flood accessory comes with 6kV surge device and upper visor with vandal guard

- Small size and low DSP make this a distributor-friendly solution.

Knuckle – OLWX1THK

Slipfitter – OLWX1TS

Yoke – OLWX1YK

Included visor & vandal guard
