nLight AIR Quick Start Guide
The 5 C’s of nLight AIR Installation and Startup

Construction

Install and energize the nLight AIR devices (fixtures and wall switches)

Note: at least one group of nLight AIR devices must be installed prior to starting the Configure step.

Create

For new users, use the Clairity™ mobile app to create a User ID (email address) and password. Then, create your site in Clairity or (ie. Project) at air.acuitynext.com. This may be completed before installation of the devices. It is recommended that you share the site with others so they may assist with the onsite startup, on going maintenance or future re-purposing. (see Collaborate on next page)

Configure

Use the Clairity mobile app to identify a group of fixtures and wall switches and place them on the grid.

Create a login

Create a site

Identify Fixtures

Identify Switches

Acuity Controls | One Lithonia Way Conyers, GA 30012 Phone: 800.535.2465 www.acuitycontrols.com © 2017 Acuity Brands Lighting, Inc. All rights reserved. 06/20/17
Customize

Use the Clairity mobile app to create zones of control and define behaviors for each. Note: Each device can be in one or more zones.

Create zones

Add devices to a zone and select done.

Define behavior

Define behaviors for each zone

Collaborate

Use air.acuitynext.com to share your site with your customer or colleagues. You may share the site with the end user for their ongoing maintenance or with colleagues so they may assist with ongoing support. Choose site share in the header, select the site to share, and add users to receive access.
