**nLight AIR UL924 App Note**

Figure 1 – Wiring diagram to support UL924 applications with nLight AIR enabled fixtures.

**nLight AIR-enabled fixture**

**Instructions:**

**Step 1:** Wire the nLight AIR-enabled fixture with the PP16 SHUNT as displayed in Figure 1.

**Step 2:** Configure PP16 SHUNT using push button programming as described in Figure 2:
- "Override Relay (Pole 1)" to "Override Off"
- "Invert Relay Logic (Pole 1)" to "Inverse Logic"
